New Location for the Klamath National Forest Headquarters and Use of Fireworks Reminder During the Holidays

Yreka, CA -- The Klamath National Forest Headquarters has finished moving into the new leased office facility located at 1711 South Main Street in Yreka, CA (next to the California Highway Patrol Office). The telephone numbers will remain the same and the office hours have not changed (M-F 08:00 a.m. to 5:00 p.m.).

During this holiday season, the Klamath National Forest would like to remind visitors using the forest to leave their fireworks at home, especially during the New Year's Day Holiday. Extremely dry late fall conditions may support active burning of vegetation, especially on the lower elevations of the Forest.

The use of all fireworks is prohibited everyday on all national forests and national grasslands. Regulations will be enforced as the ban on fireworks is year-round, regardless of weather conditions or holidays. Forest visitors are also reminded to ensure that all fires are extinguished and cold to the touch before leaving them.
